DOWNSPOUT EXTENSIONS

LawnScope Outlet™

Underground Downspout Extension

- Connects your downspout to a special LawnScope Outlet sending water away from foundation while camouflaging end of pipe
- Best for downspout extensions over 7 feet long
- Also popular choice for sump pump discharge lines
- Removable lid for easy cleaning

RainChute™

Recessed Downspout Extension

- Recessed into ground and carries downspout water away from foundation
- Best for homes where the lawn starts at the foundation
- Clog-free design flushes leaves and debris away
- Lawnmower friendly

RainChute EZ™

Above Ground Downspout Extension

- Directs downspout water 3-8 feet away from the foundation
- Best for landscaped area near the foundation
- Clog-free design flushes leaves and debris away
