

CleanSpace[®] Vent Cover

PART OF AN AIRTIGHT COVER

Vented crawl spaces have been well established as a bad idea. Stop letting uncontrolled outdoor air in with CleanSpace[®] Vent Covers.

CLEANSPACE® VENT COVER

Venting crawl spaces has been well established as a bad idea. To get control of an indoor environment, you must stop letting uncontrolled (cold, hot, humid) outdoor air in. By encapsulating your crawl space with the CleanSpace system, you can cover and seal your vents.

CLEANSPACE VENT COVERS -

- Seal outside air
- Are insulated
- Will never come off
- Never need paint
- Are available in two different styles - the installer will choose the best one to fit your home

NEVER ROTS OR NEEDS PAINT
